A HUMANE ACT.

WILLIAM JOSEPHI AND A COMPANION

Render Valuable Assistance to an Injured Boy that they Found by the Roadside.

Broke His Leg.

While taking a drive along the Lafayette road last Sunday Wm. M. Josephi and his friend, Adolph Loher, were called upon to render assistance to a boy who had the misfortune to break his leg.

It appears that the boy, whose name is Lloyd Hoiland, was out with his little brother and another lad for a day's hunting. Holland shot a squirrel and started to run down the side of one of the steep hills near the summit to get it. While running he stepped into a squirrel hole and turned his ankle also falling and breaking his leg. A gentleman and his wife heard his cries and the man got down in the ravine and carried him up to a fence near the road, but was unable to get him on the other side of the fence without assistance. About this time Messrs. Josephi and Loher drove up, they immediately took in the situation and started to care for the wounded lad. After getting Hoiland through the fence Mr. Loher was sent to Mr. Josephi's cart to obtain a grain sack and some strong cord and also to get a piece of board from an adjacent fence. When these articles were brought Mr. Josephi proceeded to temporarily set the leg which was done, so as to make the journey to Temescal, where Hoiland resided, with as little pain as possible.

As soon as the sufferer was made as comfortable as he could be under the circumstances, he was placed in a small spring wagon and the march to Oakland began. The wagon was driven into Temescal by his young brother, Loher and Josephi following in their cart, after calling at Hoiland's residence and informing his mother of the accident. He was driven at once to the Receiving Hospital. When laid on the operating table and examined by the doctor in charge, it was found that the leg had sustained a compound fracture, both bones being broken between the knee and ankle, and the ankle being dislocated.

Messrs. Josephi and Loher assisted the physicians in setting the limb, and Hoiland was removed to his home on Gold street, near Fortieth. The physicians say it will be about four months before he can freely use the leg.

The boy was full of "grit" and stood the operation well. Large quantities of cloroform and ether had no effect on him, so the work was done while he was conscious. Hoiland is now doing as well as possible, considering it was two hours before he reached the Receiving Hospital in Oakland.

Illustrated Lecture.

Professor H. Morse Stephens, of the University of California, delivered the second of the course of illustrated lectures at the Young Men's Christian Association building. He explained to his listeners that more had been done in the last twenty-four years to trace the evolution of decorative art than in all the preceding ages. The last ten years had been particularly rich in Egyptian discoveries. From the latest excavations Assyrian and Grecian art had been traced in many details back to the Egyptians.

The illustrations dealt mainly with the columns in which could be traced the papyrus and the Assyrian in which was found so many deviations of the lotus. He showed also a drawing of the first known piece of sculpture. It was Assyrian, and the well known lion pierced with arrows.

These lectures are open to the public, and are very interesting. The next one comes on the 21st inst.

A the Coroner's inquest was held yesterday afternoon upon the remains of Mrs. Pauline Shubert and the verdict was death from cerebral hemorrhage. The body was taken to Cypress Lawn this morning for cremation.

A Big Poultry Show.

Preparations for Oakland's poultry show are now nearly complete. The exhibition is to open in the Tabernacle on Thursday and continue for one week. Over 2,000 birds will be on exhibition, and much labor has been necessary to put up the long rows of coops which now fill the building. Most of these coops are already occupied and the crowing of several hundred roosters greet the visitor.

Besides the various breeds of chickens on exhibition there will also be a large number of pigeons, ducks, turkeys, geese, guinea fiens, pigs and rabbits. Among the birds are a number of Homing pigeons, some of which will be released during the show for a race to Marysville. The show is especially strong in its Leghorn exhibit, there being no less than 500 birds of that breed in the coops. Some 400 Black Minorcas are in the building and over 200 Plymouth Rocks, among which are some unusually fine birds. Poultry from Utah, Oregon and Idaho will be displayed, as well as birds from all parts of California.

J. K. Felch, a well known poultry man of Natick, Massachusetts, arrived in Oakland this morning and the prizes will be awarded under his direction.

Some valuable cups will be given to the best exhibits, in addition to gold and silver medals for creditable showings.

The exhibition is under the direction of the Pacific Poultry and Pigeon Association, of which Frank Seed is President, C. A. Wright Vice-President and J. F. Mecklem Secretary. Craigie Sharp, who was Superintendent of the Industrial Exposition, occupies the same position in the poultry show.

Homing Pigeons Released.

Two teams of homing pigeons were released yesterday at eleven o'clock. There were nine birds in each team. Leydecker of Alameda owned one set and the other belonged to A. Carlisle of Berkeley. Leydecker's birds were the same flock that left here some time ago, and did the trip in two hours and twenty minutes. When the release was made yesterday the birds arose from the basket in a southwesterly direction, the flocks getting together. In the air they became mixed with some pigeons belonging in town, but they took the lead in course. The eighteen carriers staid together and circled over the town for fourteen minutes, at the end of which time they were lost to view in the fog just north of the city.—Marysville Appeal, January 14.

The Storm.

The present storm broke forth in all its fury at about 3 o'clock this morning and since then the rain has been coming down in torrents, driven by a fierce southerly wind. The street gutters have been running like rivers and the Street Superintendent will soon be able to locate the weak places in the sewers recently laid and in the streets that have been macadamized.

People who were not compelled to be outside remained in doors near a comfortable fire, and consequently the news gatherers, who braved the elements in the search of news were very poorly rewarded.

HAS GOT A NEW PLAN

COUNTY CLERK JORDAN HEADS OFF STUFFERS.

Railroad Employes and Favored Friends will now have to Pay Fare.

System Will Be Used.

County Clerk Jordan, in anticipation of the heavy registration of voters that will be made this year, has planned a system of indexing affidavits that will greatly simplify the work. Case files for each ward and precinct in the county will be built, and each affdavit will be filed in its proper place under an alphabetical arrangement of names. Jordan will also keep a system of block books by which he proposes to lessen the danger from colonizing in the lodging hou es of Oakland. The books will show at a glance the number of voters registered from every house in the city where more than five are located. The plans have been in contemplatian for some time, and will be adhered to without deviation, notwithstanding the additional labor that has been imposed upon the clerk.

Cutting Down Passes.

According to the recent order issued by the Southern Pacific Company which goes into effect on and after February 1st, clerks and workmen in the employ of that corporation will have to pay $2.50 for sixty trip commutation tickets over the ferry systems. No distinction is made as to the positions of employes and all are to be treated alike in respect to commutation tickets.

The free pass list is being subjected to a considerable blue penciling and those who have heretofore enjoyed the favors of the Southern Pacific Company so far as transportation is concerned will in the majority of instances find that the New Year has opened unauspiciously. It is stated that those having "State Annuals" number 250.

The railroad officials claim that these privileges have been abused and "annuals" will be few and far between and even trip passes will be a sign of special favor which will give the recipient hereafter cause for much self congratulation.

Asks for Protection.

Miss Frances Cameron, who is now in Auburn, N. Y., has written a letter to Detective Louis Schaffer of this city requesting that he hunt up Charles E. Moser, the old man who has been persecuting her for years. She believes that Moser is still pursuing her, and she desires the police give him some attention.

Miss Cameron is a pretty young girl of twenty, and some time ago was employed in the family of Edward P. Outram, the Secretary of the Mountain View Cemetery Association. Moser fell in love with her, and for more than a year persecuted her in a most outrageous manner. She lived at the old Collins homestead in the cemetery, and Moser used to hide behind headstones while watching her. The young woman was finally compelled to have him arrested for slander. Moser was convicted and sent to jail for a year. On account of the scandal Miss Cameron and her aged mother left this city and went East. Moser is now out of jail, and Miss Cameron thinks he is seeking revenge.

The different candidates for postmaster while not saying much are doing some pretty hard work for themselves. It is expected that the appointment will be made on the 20th of next month to take effect April 1st.

Hugh Diamond well known to all old residents of Alameda county died at his residence in Fruitvale on Monday evening last. He was an old pioneer and a director in the Hibernia bank.

A new residence is being put up at Lorin, on Adeline street, just above the Southern Pacific switch house.

The I. O. O. F. will meet in Odd Fellows Hall tomorrow evening in regular session.

GAZETTELETS.

The regular weekly prayer meetings will be held as usual in the different churches this evening.

This kind of weather keeps a reporter guessing as to where he will get news enough to fill his paper and satisfy the subscribers.

Umbrellas were of but very little use today as the wind was so strong that they were blown inside out almost as soon as opened.

No clues have yet been obtained to the person or persons who burglarized the stores of W. C. Mason and George Stricker, on Monday evening or Tuesday morning last.

The sudden gust of wind this morning a little after five o'clock was strong enough to blow the mastic covering of the Loring house on the corner of Dana street and Channing way on to the ground.

Quite a large amount of street work that was being done will be delayed by the present storm. This is especially true of Kittredge street, which should have been completed some time since, but upon which the time has been extended.

The U. C. Glee Club returned home from its northern tour yesterday. It visited Chico, Marysville, Sacramento and Stockton and met with good success at each place. The boys report a splendid time. At several places the citizens gave them royal entertainment.

A regular meeting of the University of California Boating Association will be held at Session's Basin on Saturday afternoon. The second single scull will be turned over by the builder for inspection. The Treasurer is ready to report a balance of $350 on hand.

The summer school of the College Young Men's Christian Association will be opened at Cazadero on May 22d and will continue in session two weeks. The expenses will amount to $1,000, and all but $125 of that amount has been subscribed.

Revival services are now going on at St. Mark's church. The evangelist has just closed a very successful revival at Stockton, and on Saturday last all the business houses closed their doors in the afternoon so that they and their employees could attend the last services to be held in Stockton.

The telephone lines were not of much benefit today as it seemed almost impossible to get a call answered. On a fine day a person could send a boy on an errand or go themselves if the telephones were out of order, but on a day like the present one when a telephone is of service it is very trying to have them out of order.

Durrant, the arch murderer, now under sentence of death for the murder of Blanche Lamont, devotes all of his time from early morn until late at night in writing. He does not allow anyone to see what he is writing, but it is thought that it is a confession of more than one horrible crime, and that it is only to be made public in case he is executed.

The fifty-seventh regular metting of the Philosphical Union will be held in Professor George M. Howison's lecture-room, North Hall, next Friday evening. The topic for discussion will be "The Bearing of the Latest Developments in Physical Science Upon the Question of the Relativity of Human Knowledge." This subject is treated in the fifty chapter of a book entitled "Comte," Mill & Spencer, by Professor John Watson of Queen's University, Kingston, Canada, who will deliver a series of addresses in Berkeley toward the end of the present term. Professor Frederick Slate will read a paper, which will be followed by a general discussion.

The University battalion has grown so large that the lieutenant deemed it wise to form two battalions, each to consist of three companies. A. McCullock has been appointed major of the first, and W. D. Thompson major of the second. On graduation the former officer will receive the commission of Colonel and the latter that of Lieutenant-Colonel. Near the end of the present term there will be a number of reviews and inspections by regular army officers. Following these will be the annual sham battle, which will be conducted on a grander scale than ever before.

Lookout Mountain Post.

One of the most pleasant meetings of this post for a long time took place last evening. There was something in surprise for the members that they little wot of.

It appears that Comrade B. F. Barrows took a trip to the Atlanta Exposition to attend the services of dedicating the Chattanooga National Park. An opportunity offering he took a look over the battle ground at Lookout Mountain. By chance he observed a tree which had been shot into but was still alive. It occurred to him to take a piece of it and as a memento present it to the Lieutenant Cushing Camp of Berkeley.

Having been away sometime he was not aware that this Camp had dwindled down to the officers alone. Accordingly a change was made in the programme.

The block of wood had been transformed into the shape of a gavel upon which a silver plate was fastened with an inscription showing it had been presented to the Camp by B. F. Barrows. It was now agreed upon that the emblem should be presented to Lookout Mountain Post by the Cushing Camp. For this purpose the customary exercises of presentation and acceptation were gone through, speeches appropriate to the occasion being made by the different members of the Post.

The calling up of old times was a happy one, and put every one in good humor. To add still further to the pleasantness of the occasion Comrade Kerns presented a handsome knapsack to the Post. It was an exact imitation of the time-honored ones worn when the occasion was necessary.

The evening will be long remembered by those present, when fond as well as sad recollections were presented.

W. B. Progressive Club.

The regular meeting of the West Berkeley Progressive Club, was held last evening, at the office of Paine & Dickerson on University avenue, near the corner of Fifth.

There were a large number in attendance, and five new members were taken in.

The new President Charles Hadlen, expressed himself as being much pleased with the large attendance, saying that he felt that it meant that the taxpayers of West Berkeley had awakened to the fact that it was necessary for them to stand shoulder to shoulder in order to inaugerate and carry forward necessary improvements for the benefit of the West End of town.

A communication was received from the Good Government Club asking that a committee be sent to their next meeting, on Saturday evening next, to discuss the question of bonds, and also to enlighten the members as to the amount of business that will probably be done by the new wharf.

The President appointed as such committee Ed. Niehaus, C. H. Spear and Trustee Hoff.

The question then came up of the necessity of having a large public hall in West Berkeley fitted up with lodge rooms dancing hall stage etc with stores underneath. It was shown that such a hall would be a paying investment, and in all probability a Hall Association will be incorporated and the stock offered to the residents of West Berkeley, and the residents of West Berkeley and the half built South Berkeley built a fine hall on this plan, and it has been a paying investment from the start, as well as an ornament to that section of the town. After the transaction of some routine business the meeting was adjourned until next Tuesday evening, when the report of the Committee who will attend the meeting of the Good Government Club will report, and several street improvements will be addressed, and it is hoped that there will be a large attendance.

FIRED OUT.

JULIUS HASTE NO LONGER SUPERINTENDENT

Of State Dredgers and Tow Boats The Harbor Commissioners Have Said So.

Special dispatches to the GAZETTE.

Fired Out.

San Francisco, Jan. 15.—Julius Haste is no longer Superintendent of State Dredgers and Towboats. He was dismissed from office this morning by the Board of harbor commissioners, after an investigation.

Mr. Haste was charged by a number of foundrymen with having used his position to obtain commissions on contracts which he was empowered to make for repairs on State boats and dredgers.

When the Commissioners called him to account this morning he made no denial of the truth of the charges against him, but endeavored to vindicate himself by saying that it was the custom of State officers to seek a percentage on all contracts made with local people. He openly charged the Superintendent of Stores with having engaged in this practice.

Better Days Coming.

Pretoria, Jan. 15.—The conference between Sir Hercules Robinson, Governor of Cape Colony, and President Krueger has been concluded. It is believed that it has been entirely satisfactory as regards all matters in which Jameson and his followers are concerned. British officials speak in the highest terms of the moderation displayed by President Krueger. Some of the Uitlanders who were arrested at Johannesburg have been released.

Berkeley Registration.

The registration of voters in the various wards and the actual number of votes cast at the election for town officers now in office will be of special interest now that the bond election is pending. The figures are as follows:

Ward	Registration.	Vote.
First	410	290
Second	183	188
Third	778	191
Fourth	442	536
Fifth	343	214
Sixth	250	232
Seventh	301	236
Total	2677	1818

The ward boundaries as fixed by the new charter have complicated matters as far as county and State elections are concerned. Grant street which formerly divided precincts 1 and 3 from precincts 4 and 5, was also the dividing line of the Senatorial and Supervisorial districts. The charter changes the ward lines west to Sacramento street and if this division was accepted as the precinct lines all residing east of Sacramento and west of Grant streets, would be in precinct 1 but could not vote for the State Senator or Supervisor there. Should they offer to vote in precinct 4 it would be denied as they reside and would be registered in precinct 1. The matter is now in the hands of a special committee from the Board of Supervisors.

At Work.

Congressman Hilborn has been quite busy since he arrived in Washington, last December. He has formulated and presented to Congress the following bills: For a gun factory at Benicia; pensioning Kate McDougal, a dry-dock for Mare Island, a public building for Oakland, a building for Alameda, a bill for retiring enlisted men, a bill for relieving J. W. Geerings family, a duplicate bill of Senator Perkins for paying W. R. Wheaton and C. H. Chamberlain. Restoring Leut. William McElroy to rank, and a bill for Registering a foreign vessel.

The inquest upon the body of Mrs. Schubert who died suddenly at her residence on the corner of Ninth street and Dwight way, a few days ago, showed that death was caused by a clot in the brain.

Beautify your Gardens.

Now is the planting season and all who desire to set out the finest shade, fruit and ornamental trees that are grown in this country. Roses of all kinds a specialty. All stock raised at the nursery on San Pablo avenue, north of Berkeley. Floral and seed depot on Washington between Twelfth and Thirteenth streets, Oakland. 53 1m

SHOULD NOT BE WHITEWASHED.

For several years the State Harbor Commissioners had in their employ as superintendent of dredgers William Cruse of Oakland, a very efficient man. For some reason not then nor since given Mr. Cruse was displaced without a moment's notice and Julius A. Haste, a man who from the start has shown that he was not competent, was appointed in his stead, and given immediate possession of the office. He had not been there but a short time before he made charges against the former superintendent of dredgers, but at the very next meeting he withdrew the charges, saying that he had been mistaken in making the charges.

He then made charges against Captains of the different tugs which he was forced to withdraw as they had no foundation. The Harbor Commissioners have had considerable trouble with him over bills, and now comes charges that he has been discriminating among business men in reference to supplies furnished, they saying that they were not allowed to furnish supplies to the State unless they paid Mr. Haste commissions. This Mr. Haste denies but as the Governor has ordered an investigation it will probably be proven and Mr. Haste will be dismissed. It is hoped for two reasons that the investigation will be thorough and that there will be no attempt at whitewashing. First, because Mr. Haste is a relative by marriage of the Governor, and second because the man aside from the charges made against him, has been proven to be thoroughly incompetent.

THE PROPER THING.

From what we can learn, the Good Government Club of Berkeley intend to take a hand in the coming special bond election. It is their purpose to do everything possible to carry both the wharf and the school bonds, for they recognize how necessary both propositions are for the future prosperity of the town, and to this end they are preparing for a series of mass meetings to be held between now and election day, at which meetings good speakers will be present to explain just why the wharf bonds should carry.

To this end they have sent out invitations to the different improvement clubs of Berkeley and to private citizens asking them to meet with the Club and furnish data and statistics upon which the Club can work. Such a communication was received last evening by the West Berkeley Improvement Club, asking that a committee be appointed by the club to meet with the Good Government Club, and furnish the latter with all the data possible of the amount of freight that arrives and departs from West Berkeley, and an idea of the increase should a new wharf be constructed. The Progressive Club, which was largely attended last evening, promptly appointed the committee, and they will furnish the Good Government Club with some very important statistics, showing that the wharf while being of great benefit to the town will be also a paying institution.

VOTE FOR BONDS.

The canceling of the Great Register has been postponed until the 17th of February, in order that the special bond election may be held in Berkeley. This is a great concession on the part of County Clerk Jordan and should be remembered in his favor by the people of Berkeley, for it has saved the Town some $400 or 500, and will entail personal expense upon the part of Mr. Jordan. There is nothing now that will prevent the election being held on the 15th of next month, and it is to be hoped that our people will go to the polls and vote for both the wharf and the school proposition.

The Board of Trustees have gone to considerable expense in calling the special election which was petitioned for under the law by over 300 voters, as required, and it would be too bad if this money is to be thrown away when it has been practically demonstrated that both the wharf and the schools are needed, and that there is no other way of procuring them except by issuing bonds. These bonds are to run for 40 years and will no doubt sell for a premium, hence the individual tax upon property holders will be hardly noticeable. Another advantage is that the people who are now residing in Berkeley will have the use of the schools and wharf, while the greater part of the cost will be paid by the people who come to Berkeley during the next forty years.

The wharf will bring an immense amount of taxable property to Berkeley as a number of manufacturers have already signified their intention of coming to Berkeley if a new wharf is built, in order to escape the enormous rents that have to be paid in San Francisco.

This could be avoided if they could come to Berkeley and the only way they can do so is to have both rail and water facilities for the transportation of their freight. Berkeley can offer both of these facilities if the wharf is erected so that vessels can land here.

These gentlemen who would come here and build factories would reside here, and their employees would also reside here, and it would then be found that the new school buildings would be no more than adequate for the increase in pupils. Besides, the town is constantly growing, as is shown by the increase of pupils this present term over that of the last term. If our citizens will investigate this matter thoroughly we know that they will all vote for the bonds, which will not only erect school houses and a wharf that is needed but which will place in circulation among the people of Berkeley this year $200,000, which means a great deal to every person residing within the town limits.

Whoa, Thar!

And step into Schmidt & Zehner's in the Shattuck block and inspect those bread and cake knives that they sell for 50 cents. If you need any hardware, bird cages, pocket knives or tacks for bicycles. They have them. Call for anything in their line, and it will appear. 170

Will give you Money.

The people of Berkeley and surrounding country now have an opportunity to sell their eggs, butter, poultry, game or anything in that line at the very highest prices. Call upon A. Cassagnes, 1607 Fifth street, corner of Holyoke street, West Berkeley, who will buy whatever you have, either in large or small quantities. 48 tf

Woolsey Street Opening

NOTICE OF Filing Report of Commissioners with Town Clerk.

NOTICE OF FILING REPORT OF COMMISSIONERS appointed to open and extend Woolsey street from the easterly line of Regent Street Homestead Tract to the easterly line of King street.

Notice is hereby given that the Commissioners appointed by the Board of Trustees of the Town of Berkeley, State of California, to assess the benefits and damages, and to have general supervision of the proposed work of opening and extending of Woolsey street in said town from the easterly line of Regent Street Homestead Tract to the easterly line of King street having made their assessment of benefits and damages, have made and filed in the office of the undersigned, their written report, together with a plat of the assessment district. All persons interested are hereby notified and required to show cause, if any they have, on or before Monday, the 10th day of February, 1896, why said report should not be confirmed by the said Board of Trustees. All objections must be in writing and filed with the Town Clerk.

Each person signing an objection will attach thereto his or her postoffice address.

NOTICE

Of Time Set for Hearing

Appeal from Assessment levied for Street Work on Dwight Way between Warring street and Prospect street in the Town of Berkeley.

NOTICE is hereby given that at a regular meeting of the Board of Trustees of the Town of Berkeley held on the 3rd day of January, 1896, the 13th day of January at 9 o'clock p. m. was fixed upon as the time and the council chambers of said Board as the place for hearing all persons directly interested in the work or in the assessment, and Joseph Alkaly, owner, appealing from the assessment levied by the Superintendent of Streets for street work of grading, etc., on Dwight Way between Warring and Prospect streets in the Town of Berkeley.

The said appellant avers: That said work has not been done in accordance with the specifications therefor, in this, that said macadamizing and grading has not been done to the official grade of said Dwight Way, but on the contrary the same has been done to a grade other and different from the official grade.

A CLEVER POLITICAL POEM.

It Was Written by an Irishman During the Rebellion of 1798.

What is spoken of as "one of the clevrest political poems ever composed" has recently come under the notice of a contributor to a northern contemporary, the Dundee Advertiser. It was written by Arthur Connor (or O'Connor), the friend of Lord Edward Fitzgerald, and, like him, a prominent figure in the Irish rebellion of 1798. He was arrested at Margate that year, when on his way to France on a secret mission. After being detained in Kilmainham jail for some time, he was at length removed, with other political prisoners, to Fort George in Scotland. It was while on his way thither that he distributed copies of the following poem, which was regarded as a proof of his return to loyalty:

The pomp of courts and pride of kings
I prize above all earthly things.
I love my country, but the king,
Above all men his praise I sing.
The royal banners are displayed
And may success the standard aid.

I fain would banish far from hence
The "Rights of Man" and common sense,
Confusion to his odious reign,
That foe to princes, Thomas Paine!
Defeat and ruin seize the cause
Of France, its liberties and laws!

If the above lines be read continuously, they seem to express very loyal sentiments. But if you read the first line of the first verse, and then the first line of the second verse, you will find that they breathe the spirit of rampant rebellion:

The pomp of courts and pride of kings
I fain would banish far from hence.
I prize above all earthly things
The "Rights of Man," and common sense.
I love my country, but the king—
Confusion to his odious reign!

Above all men his praise I sing,
That foe to princes, Thomas Paine!
The royal banners are displayed.
Defeat and ruin seize the cause!
And may success the standard aid
Of France, its liberties and laws.

Arthur O'Connor ultimately made his way to France, where, in 1807, he married the daughter of the Marquis de Condorcet. He entered the French army and rose to the rank of general. His death took place in April, 1852, when he was 87 years of age.

HEARD EIGHTEEN MILES.

Human Voice Carried From One End of a Canyon to the Other.

Eighteen miles is the longest distance on record at which a man's voice has been heard. This occurred in the Grand canyon of the Colorado, where one man shouting the name of Bob at one end, his voice was plainly heard at the other end, which is 18 miles away.

Lieutenant Foster, on Peary's third arctic expedition, found that he could converse with a man across the harbor of Port Bowen, a distance of 6,696 feet, or about 1¼ miles, and Sir John Franklin said that he conversed with ease at a distance more than a mile. Dr. Young records that at Gibraltar the human voice has been heard at a distance of ten miles.

Sound has remarkable force in water. Colladon, by experiments made in the lake of Geneva, estimated that a bell submerged in the sea might be heard at a distance of more than 60 miles. Franklin says that he heard the striking together of two stones in the water half a mile away. Over water of a surface of ice sound is propagated with greater clearness and strength. Dr. Hutton relates that on a quiet part of the Thames, near Chelsea, he could hear a person read distinctly at the distance of 140 feet, while away from the water the same could only be heard at 76 feet. Professor Tyndall, when on Mont Blanc, found the report of a pistol shot no louder than the pop of a champagne bottle.

Persons in a balloon can hear voices from the earth a long time after they themselves are inaudible to people below.—Chicago Times-Herald.

An Unseasonable Request.

A gentleman was hurrying down the street in a biting frost. His topcoat was buttoned right up to his ears, and the very thought of unbuttoning it made him shudder. Still he would have liked to know how late it was, but as for consulting the watch that nestled in his waistcoat pocket—ugh! Just then another gentleman came into view. The two gradually approached each other, and the first gentleman who wanted to know how late it was hazarded the question:

"Sir, do you happen to know what time it is?"

The stranger stood still, pulled off his right glove, unbuttoned his overcoat from chin to waist and drew out his watch as the piercing wind played about his unprotected chest. He held it up to the dim light of the street lamp and carefully examined the dial plate and said:

"Yes, I know now." With these words he replaced his watch and made tracks without satisfying the curiosity of his interlocutor.—Kattowitzer Zeitung.

Blooms Once Every Fifty Years.

There are many curious and remarkable species of the palm tree, but the wonder of the entire family is Brownia ariza. It is a native of central Africa and is regarded as a curiosity because of its peculiar habit of blooming but once in 50 years. There are but three specimens of ariza in the conservatories of Europe—one at Kew gardens, London; one in the conservatory of the Duke of Norfolk, at Chiswick, and one in the Imperial Botanical garden at Berlin. Norfolk's palm bloomed in June, 1851, and that in the Berlin collection in June, 1888. The blossoms are very fragrant and last but 48 hours.—St. Louis Republic.

Real Misery.

"What the dickens do you know about misery?" asked the baldheaded man of the younger one. "Wait till you get married and come home late and have your wife lecture you for three hours in a whisper for fear of waking the baby, and then you will have some idea of what is misery."—Indianapolis Journal.

ORDINANCE NO. 41 A.

[illegible] calling a special election in the Town of Berkeley, County of Alameda, State of California, submitting to the qualified voters of said Town the proposition for the incurring by the Town of Berkeley of a bonded indebtedness for the acquisition, construction and equipment in and for said Town of Berkeley a wooden wharf thirty (30) feet wide, extending one and one-quarter (1 1-4) nautical miles into the Bay of San Francisco; also for the acquisition, construction and equipment of four (4) certain public school buildings, in the Town of Berkeley, with the necessary sites upon which to erect the same; the cost of all and each of which public improvements will not be too great to be paid out of the ordinary annual income and revenue of said Town.

BE IT ORDAINED BY THE BOARD OF Trustees of the Town of Berkeley, as follows, to-wit:

SECTION 1. Whereas, the Board of Trustees of the Town of Berkeley, being the legislative branch of said town, contemplate the making of certain permanent public improvements in and for said town, viz: The acquisition, construction and equipment of a wooden wharf, thirty (30) feet wide, extending one and one quarter (1¼) nautical miles into the Bay of San Francisco, and of four (4) certain public school buildings, together with the necessary sites upon which to erect the same, all of which public improvements are more particularly described hereafter in this ordinance; and whereas by an ordinance passed and adopted on the 8th day of December 1895, by a vote of more than two-thirds of the members of the Board of Trustees of said Town (said ordinance having theretofore been duly published for two days in the Berkeley GAZETTE, as required by law) the said Board of Trustees duly determined and declared that the public interest demands, and the public necessity demands the acquisition, construction and equipment in and for said Berkeley of said wharf, and of said four (4) public school buildings, with the necessary sites upon which to erect the same, and that the cost of said wharf and of said school buildings, and of each of said improvements would be too great to be paid out of the ordinary annual income and revenue of said town; and whereas said ordinance so declaring said public interest and necessity was approved by the president of the Board of Trustees, the executive of said Town, the same having been duly signed by said President on said 6th day of December 1895 and forthwith returned to the Board of Trustees of said Town; and was duly published in all respects as required by law, and the terms of said ordinance, to-wit: For two (2) successive weeks in the said BERKELEY GAZETTE, a daily newspaper printed and published in said Town, viz: In the following issues of said paper: December 7, 9, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 21, 23, 24, 26, 1895, (Sundays being excepted, said BERKELEY GAZETTE not being printed or published on Sunday—no paper in Berkeley being published on Sundays).

And whereas, the said Board of Trustees has had made proper plans and estimates of the cost of said public improvements, to-wit: Of the acquiring, constructing and equipping said wharf and said four (4) school buildings, and of each of them, by a competent engineer and by a competent architect, each of whom has had successful experience in such work, which said plans and estimates have been returned and filed with said Board, and have been filed with and examined by said Board, and whereas it appears from such estimates that said public improvements will cost as follows, to wit:

First: Eighty thousand ($80,000) dollars, in gold coin of the United States, to contruct and equip said wharf.

Second: One hundred and twenty thousand ($120,000) dollars, in gold coin of the United States, to acquire, construct and equip said four (4) public school buildings, including the purchase of the necessary sites upon which to erect the same—said $120,000, is and will be apportioned as follows:

(a) Eighty thousand ($80,000) dollars for a public High School Building; that is to say, ten thousand ($10,000) dollars for the necessary site, sixty-five thousand ($65,000) dollars to construct, and five thousand ($5,000) dollars to furnish the same.

(b) Forty thousand ($40,000) dollars for three (3) public school buildings, other than said High School, that is to say:

(1) Eight thousand ($8,000) dollars for a site on which to erect a two-room public school building in North Berkeley, east of Shattuck avenue. Thirty-five hundred ($3,500) dollars with which to construct, and five hundred ($500) dollars to furnish the same.

(2) Ten thousand five hundred ($10,500) dollars to construct a six-room school building on the Dwight Way school lot, and fifteen hundred ($1500) dollars to furnish the same.

(3) Fourteen thousand ($14,000) dollars to construct an eight-room public school building on the San Pablo avenue school lot, and two thousand ($2000) dollars to furnish the same.

And whereas, eighty thousand ($80,000) dollars is the estimated cost of constructing and equipping said wharf, and one hundred and twenty thousand ($120,000) dollars is the estimated cost of acquiring, constructing and furnishing said four (4) public school buildings, as aforesaid, all in gold coin of the United States.

Section 3. And whereas, the object and purpose for which said indebtedness is proposed to be incurred is, first, the construction of a wooden wharf, thirty (30) feet wide, extending one and one-quarter (1¼) nautical miles into the Bay of San Francisco, and the acquisition, construction and equipment of four (4) public school buildings, with the necessary sites upon which to erect the same, all as aforesaid; and whereas, the said public improvements are necessary, and are and each of them is demanded by the public interest, and are and each of them is a public necessity, which necessity arises from the following facts:

First: The Town of Berkeley is rapidly increasing in population, at present the population of the town being in excess of ten thousand inhabitants. That there is wholly insufficient means of communication between Berkeley and San Francisco, and Berkeley and other places in California and elsewhere, except by means of railway service, which is expensive and inadequate. The business of Berkeley has increased in recent years to such an extent that the aforesaid means of railway service cannot possibly adequately or satisfactorily meet the ever increasing demands of transportation needed by such business. A wharf, therefore, extending one and one-quarter nautical miles into the Bay of San Francisco, from that portion of Berkeley known as "West Berkeley", is needed to enable large vessels and ferry boats to bring their cargoes directly to Berkeley and to take away passengers and freight. Without such wharf the growth of Berkeley will be hampered and its prosperity menaced, and a great and unnecessary burden and expense as well as inconvenience put upon the said town and the inhabitants thereof.

Second: The school houses and buildings now existing in Berkeley are overcrowded with pupils, and the rapidly increasing attendance renders it absolutely necessary to construct the new buildings hereinbefore enumerated and each and every one thereof in order that the school children of the town may receive the educational advantages to which they are entitled. To the end that these schools be acquired it is necessary that a lot of land be purchased for the erection of the High School, and a lot of land for the public school in North Berkeley, because the Town of Berkeley has no lots of its own upon which to erect such High School, or such public school in North Berkeley;

And whereas, if the proposition to incur said indebtedness of eighty thousand ($80,000) dollars for said wharf, or the proposition to incur said indebtedness of one hundred and twenty thousand ($120,000) dollars for said schools, shall be accepted by the qualified voters of said Town of Berkeley, as in this ordinance provided for, or if both such propositions shall be so accepted, then and in that event bonds of the Town of Berkeley, negotiable in form, shall issue as in this ordinance provided for the payment of the cost of the acquisition, construction and equipment of such wharf or of said school buildings, as the case may be, or for the payment of the cost of the acquisition, construction and equipment of both such wharf and such school buildings, should both such propositions be so accepted as aforesaid.

Section 4. Now therefore, be it ordained by the Board of Trustees of the Town of Berkeley, as follows, viz:

That if the proposition to incur such indebtedness of eighty thousand ($80,000) dollars, in gold coin of the United States, of the proposition to incur such indebtedness of one hundred and twenty thousand ($120,000) dollars, in gold coin of the United States, for said school buildings (all as aforesaid) shall, either or both of them, be accepted by the qualified voters of said Town of Berkeley, as in this ordinance and by law provided, then and in that event, bonds of the said Town of Berkeley for the payment of the cost of the acquisition, construction and equipment of said wharf in case such wharf proposition be so accepted, or of said school buildings in case such school proposition be so accepted, or for the payment of the cost of the acquisition, construction and equipment of both such wharf and such schools, in case both said propositions be accepted, as aforesaid, shall issue as follows:

If the aforesaid wharf proposition be accepted, then bonds of the Town of Berkeley shall issue, negotiable in form, of the character known as serials, and shall be numbered consecutively from one to eighty (1 to 80), both inclusive, and shall be of the sum or denomination of one thousand dollars each, and shall bear interest from their issuance, until paid, at the rate of five (5%) per cent per annum, payable annually, which interest shall be evidenced by coupons attached to said bonds respectively as hereinafter provided; and the principal and interest of said bonds shall be payable in gold coin of the United States of America, in the manner following: One-fortieth (1-40) of the whole amount of the indebtedness, represented by said bonds, shall be paid each and every year at the office of the Treasurer of the Town of Berkeley, who shall be in office as such Treasurer at the respective times when such payments are to be made, together with the interest due on all sums unpaid at such dates;

If the aforesaid school proposition be accepted, then bonds of the Town of Berkeley shall issue, negotiable in form, of the character known as serials, and shall be one hundred and twenty (120) in number, and shall be numbered consecutively from one to one hundred and twenty (1 to 120), both inclusive, and shall be of the sum or denomination of one thousand ($1,000) dollars each, and shall bear interest from their issuance, at the rate of five (5%) per cent per annum, payable annually, which interest shall be evidenced by coupons attached to said bonds respectively; as hereinafter provided; and the principal and interest of said bonds shall be payable in gold coin of the United States, in the manner following: One-fortieth (1-40) of the whole of the indebtedness represented by said bonds shall be paid each and every year at the office of the Treasurer of the Town of Berkeley, who shall be in office as such Treasurer at the respective times when such payments are to be made, together with the interest due on all sums unpaid at such dates.

If case both of said propositions are accepted as aforesaid then both series of bonds shall issue as above indicated.

Section 5. And it is further ordained that if the proposition to incur said indebtedness of eighty thousand dollars in gold coin of the United States for the acquisition, construction and equipment of said wharf shall be accepted by the qualified voters of said Town of Berkeley, as in this ordinance and by law provided, then and in that case bonds of the said Town of Berkeley shall issue as in this ordinance provided and that there shall be levied and collected each and every year upon all the property subject to taxation by the Town of Berkeley, a tax sufficient to pay all the interest on said bonds as and when the same shall fall due, and sufficient also to pay one-fortieth (1-40) of the whole amount of said bonded indebtedness of eighty thousand dollars each and every year as above provided, and sufficient to pay the whole amount of the principal and interest of said bonded indebtedness on or before maturity, within forty (40) years of contracting the same; and the said Board of Trustees hereby makes provision for the levy and collection of said tax, and for the levy and collection of all sums that shall or may be necessary to pay in full all the interest and principal of said bonded indebtedness as the same shall fall due, and hereby agrees, contracts, represents and promises that such levy shall be made as aforesaid in case the said proposition to incur said indebtedness shall be accepted by the qualified voters of said Town of Berkeley, as aforesaid, and the said bonds issued, as aforesaid; and so far as the said Board has the power now to make said levy, it hereby makes the same. And the said Board of Trustees further ordains that there shall be, and is hereby provided, a Sinking Fund to be kept by the Treasurer of the Town of Berkeley and his successors in office, and to be designated as the "Sinking Fund for the payment of the Public Wharf Bonds of the Town of Berkeley, 1896;" and that the proceeds of the levy above mentioned shall be paid into said Sinking Fund as soon as the same shall have been collected, and remain in said Sinking Fund until required for the respective payments of the principal and interest of said bonds as the same shall fall due, when demand shall be made therefor as by law required; and upon surrender of the corresponding bonds and coupons to said Treasurer, the duty of said Treasurer shall be to cancel the same immediately after their surrender and payment; and it is further ordained, contracted, represented, promised and agreed that none of the moneys paid into said Sinking Fund shall be used for any other purpose than the payment of the interest and principal of said bonded indebtedness as in this ordinance specified until the whole amount of the principal and interest of said bonds shall be fully paid.

And if the proposition to incur said indebtedness of one hundred and twenty thousand dollars, in gold coin of the United States, for the acquisition, construction and equipment of said four public school buildings, with the lots of land necessary upon which to erect the same, as hereinbefore provided, shall be accepted by the qualified voters of the said Town of Berkeley as in this ordinance and by law provided, then, and in that case the bonds of said Town of Berkeley shall issue, as in this ordinance provided, and that there shall be levied and collected each and every year upon all the properly subject to taxation by the Town of Berkeley a tax sufficient to pay all the interest on said bonded indebtedness as said interest shall fall due, and sufficient also to pay one-fortieth (1-40) of the whole amount of said bonded indebtedness of one hundred and twenty thousand dollars each and every year as above provided, and sufficient to pay the whole amount of the principal and interest of said bonded indebtedness on or before maturity, within forty (40) years of contracting the same; and the said Board of Trustees hereby makes provision for the levy and collection of said tax, and for the levy and collection of all sums that shall or may be necessary to pay in full all the interest and principal of said bonded indebtedness as the same shall fall due, and hereby agrees, contracts, represents and promises that such levy shall be made as aforesaid in case said proposition to incur said indebtedness shall be accepted by the qualified voters of said Town of Berkeley as aforesaid, and the said bonds issued, as aforesaid; and so far as the said Board has the power now to make said levy, it hereby makes the same. And the said Board of Trustees further ordains that there shall be and is hereby provided a sinking fund to be kept by the Treasurer of the Town of Berkeley and his successors in office, and to be designated as the "Sinking Fund for the Payment of the public school bonds of the Town of Berkeley, 1896"; and that the proceeds of the levy above mentioned shall be paid into said sinking fund as soon as the same shall be collected, and remain in said sinking fund until required for the respective payments of the principal and interest to be made upon said bonds; and that when the respective payments of the principal and interest of said bonds shall fall due the Treasurer of said Town of Berkeley, and his respective successors in office, be, and he and they are each respectively hereby authorized, directed and commanded to pay out of the moneys in said Sinking Fund the said respective amounts of interest and principal of said bonds as the same shall fall due, when demand shall be made therefor as by law required; and upon surrender of the corresponding bonds and coupons to said Treasurer, the duty of said Treasurer shall be to cancel the same immediately after their surrender and payment; and it is further ordained, contracted, represented, promised and agreed that none of the moneys paid into said sinking fund shall be used for any other purpose than the payment of the interest and principal of said bonded indebtedness as in this ordinance specified until the whole amount of the principal and interest of said bonds shall be fully paid.

In case both the propositions to incur said indebtedness of Eighty thousand dollars in Gold Coin of the United Stated for said wharf, and to incur said indebtedness of One hundred and twenty thousand dollars in Gold Coin of the United States for said schools as above set forth, shall be accepted by the qualified voters of the Town of Berkeley then both series of bonds shall issue, as is above indicated.

Section 6. And the said Board of Trustees do hereby further ordain that a special election shall be held in said Town of Berkeley on Saturday, the 15th day of February, 1896, and does hereby call said election for said day, for the purpose of submitting and does hereby submit to the qualified voters of said Town the proposition to incur said indebtedness of Eighty thousand dollars in Gold Coin of the United States for said wharf as above provided, and the proposition to incur said indebtedness of One hundred and twenty thousand dollars in Gold Coin of the United States, for said schools, as above provided, or both of such sums, as such voters may determine, and to issue the bonds of said Town for such indebtedness so voted to be incurred, as herein set forth, and does hereby fix said last mentioned day for the holding of said election, and does hereby order that notice of said election shall be published for not less than two (2) weeks in the newspaper above mentioned, viz: THE BERKELEY GAZETTE, and that said notice shall be in substantially the following form, to-wit:

Notice of Special Election.

Notice is hereby given by the Board of Trustees of the Town of Berkeley, County of Alameda, State of California, to the qualified voters of said Town of Berkeley, that a special election has been called by ordinance of said Board of Trustees, to be held for said Town on Saturday, the 15th day of February, 1896, pursuant to such call and according to law; that said election will be held on said day, as specified in said call and in this notice.

That said election has been called and will be held for the purpose of submitting to the qualified voters of the Town of Berkeley the proposition of incurring by the Town of Berkeley an indebtedness in the sum of $80,000 in Gold Coin of the United States, for the purpose of acquiring, constructing and equipping a wooden wharf, thirty (30) feet wide, extending one and one-quarter (1¼) nautical miles into the Bay of San Francisco.

Second; One hundred and twenty thousand ($120,000) dollars, in Gold Coin of the United States, for the purpose of acquiring, constructing and equipping four (4) certain public school buildings; including the purchase of certain necessary lots of land upon which to erect the same. The said $120,000, is and will be apportioned as follows:

(a) Eighty thousand ($80,000) dollars to construct a sixteen (16) room High School building in Berkeley, on a suitable site. Sixty-five thousand ($65,000) dollars being for the construction of said building, ten thousand ($10,000) dollars for said site, and five thousand ($5,000) dollars to furnish said school.

(b) Forty thousand ($40,000) dollars for three (3) public school buildings other than said High School building in Berkeley, that is to say:

(1) Thirty-five hundred ($3,500) dollars to construct a two-room public school building in North Berkeley, east of Shattuck avenue; eight thousand ($8,000) dollars for a site upon which to erect the same, and five hundred ($500) dollars to furnish said school.

(2) Ten thousand five hundred ($10,500) dollars to construct a six-room public school building in Berkeley, on the school lot on Dwight way, and fifteen hundred ($1,500) dollars to furnish said school.

(3) Fourteen thousand ($14,000) dollars to construct an eight-room public school building in Berkeley, on the San Pablo school lot, and two thousand ($2,000) dollars to furnish said school.

Said propositions shall be voted upon separately.

If the said propositions are accepted, or if either of them is accepted, as by law required, by the qualified voters of the Town of Berkeley, then the indebtedness so voted to be incurred shall be payable in forty (40) years, in annual installments of one-fortieth each of the whole amount of said indebtedness, so voted to be incurred; with interest thereon at the rate of five (5%) per cent per annum, payable annually, both principal and interest being payable in Gold Coin of the United States, and to issue the bonds of said Town for said indebtedness so voted to be incurred, as provided in said ordinance calling said election; that the purpose for which the said indebtedness is to be incurred is to pay the cost of the acquisition, construction and equipment of said wharf (as above set forth) and of four (4) public school buildings, including certain lots of lands for sites upon which to erect the same (as above set forth).

That the character and number of bonds to be issued for the purpose of paying the cost of said wharf (if said wharf proposition be accepted) is as follows: Said bonds are to be negotiable in form and of the character known as serials, and shall be eighty (80) in number, and are to be numbered consecutively from one (1) to eighty (80), both inclusive, and are to be of the sum or denomination of one thousand ($1000) dollars each, and are to bear interest at the rate of five (5%) per cent per annum, payable annually, and the principal and interest of said bonds are to be payable in gold coin of the United States, in the manner following, that is to say: One-fortieth (1-40th) of the whole amount of the said eighty thousand dollars represented by said bonds shall be paid at the end of each and every year, together with the interest due on all sums then unpaid, at the office of the Treasurer of said Town, and the amount of the tax levy to be made for the payment thereof shall be as follows: The tax levy for the total amount of said indebtedness shall be the sum of one hundred and twenty thousand ($120,000) dollars, with interest upon the respective instalments thereof as herein provided, until paid, respectively, at the rate of five (5%) per cent per annum, both principal and interest in gold coin of the United States; and the tax levy for each annual instalment of said indebtedness shall be one-fortieth (1-40) of the whole amount of the principal of said indebtedness, represented by said bonds, and a sum sufficient to pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, all in gold coin of the United States; that is to say, that there shall be a tax levy each year of two thousand dollars ($2000) principal of said indebtedness, and of an amount sufficient to cover and pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, respectively, both principal and interest in gold coin of the United States.

That the character and number of bonds to be issued for the purpose of paying the cost of said four (4) public school buildings, as set forth hereinbefore (if said school proposition be accepted) is as follows: Said bonds are to be negotiable in form and of the character known as serials, and shall be one hundred and twenty (120) in number, and are to be numbered consecutively from one (1) to one hundred and twenty (120), both inclusive, and are to be of the sum or denomination of one thousand ($1000) dollars each and are to bear interest at the rate of five (5%) per cent per annum, payable annually, and the principal and interest of said bonds are to be payable in gold coin of the United States, in the manner following, that is to say: One-fortieth (1-40) of the whole amount of the said one hundred and twenty thousand ($120,000) dollars represented by said bonds shall be paid at the end of each and every year, together with the interest due on all sums then unpaid, at the office of the Treasurer of said Town, and the amount of the tax levy to be made for the payment thereof shall be as follows: The tax levy for the total amount of said indebtedness shall be the sum of one hundred and twenty thousand ($120,000) dollars, with interest upon the respective instalments thereof as herein provided, until paid, respectively, at the rate of five (5%) per cent per annum, both principal and interest in gold coin of the United States; and the tax levy for each annual instalment of said indebtedness shall be one-fortieth (1-40) of the whole amount of the principal of said indebtedness, represented by said bonds, and a sum sufficient to pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, all in gold coin of the United States; that is to say, that there shall be a tax levy of three thousand ($3000) dollars principal of said indebtedness, and of an amount sufficient to cover and pay the interest due on all sums unpaid at the dates of maturity of such annual instalments, respectively, both principal and interest in gold coin of the United States.

Said special election will be conducted in the manner provided by law and specified in said ordinance calling said election, which ordinance was duly passed by said Board of Trustees, and is on record in the in the Town record books, and was duly published in THE BERKLEY GAZETTE, to which said ordinance and to which said publication thereof special reference is hereby made.

Said notice shall describe the election precincts, and the polling places, and shall set forth the officers of election, all as by law and this ordinance required.

And it is further ordained that the said notice shall be published in the said "BERKELEY GAZETTE," for not less than (2) two weeks as aforesaid.

Section 7. And it is further ordained that the said election shall be held pursuant to said notice and to this call, in accordance with the general election laws of the State of California, for the purpose of determining whether the Town of Berkeley shall incur the said bonded indebtedness for the public improvements aforesaid; provided that the manner of holding such election shall be as follows: Said election shall be conducted by a Board of Election consisting of two (2) Inspectors, two (2) Judges, two (2) Clerks, and two (2) Ballot Clerks, for each of the precincts herein mentioned, to be appointed by the said Board of Trustees of the Town of Berkeley; and for the purpose of said special election the said Town of Berkeley is hereby divided into eight election precincts, as follows:

Precinct No. 1.
